# Eala Dorcha

EDIT

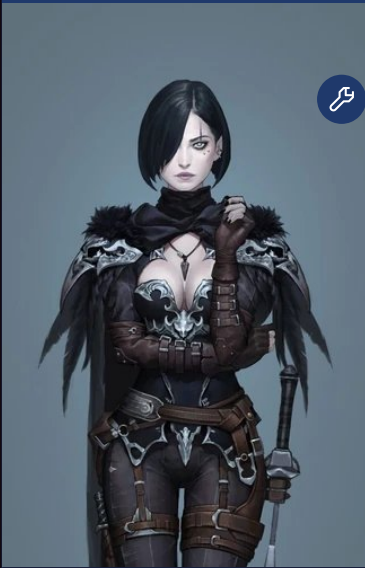

Black-haired and black-dressed Elven Bard, a guest in the court of [King Ethain](#).

She is a spy for Dol Blathanna, who fled from Temeria when Nilfgaard arrived. Her main quest is to infiltrate human nobility and inform the elves of any possible dangers. She is working with the Scoia'tael commando near Cidaris.

She has an air of mystique and wonder around her, and even humans can't help but fall victim to her charm. She frequently plays at the [Magdalena Inn](#) where she often recites old Cidarian poems and songs which have provided clues about the Seven. She greatly dislikes the upstart [Timeo van Marten](#).

The [Party](#) has met her on several occasions, one of them being at the Scoia'tael camp where she performed to boost morale.
